

Statement from VicBears and The Laird

Friday 29th December 2017

Management of The Laird and the VicBears Caretaker Committee have recently met with the aim of re-establishing the relationship between them.

After an open discussion of recent issues with VicBears, The Laird is willing to once again work with the VicBears Committee and provide their venue for the Club to host monthly Den Nights, special party/fundraiser events (e.g. UnderBear, Bearaoke, etc.) and the annual Southern HiBearnation festival in June. More details on these events to follow in the new year.

VicBears and The Laird look forward to working together to deliver regular events that will benefit the Club's members and wider bear community.

Both parties are committed to maintaining the long and loyal relationship it has established over many years, and welcome constructive feedback via the below email addresses.
